CHAPTER 43
Virginia Public Procurement Act

Article 1.
General Provisions

§ 2.2-4300. Short title; purpose; declaration of intent. -- A. This chapter may be cited as the *Virginia Public Procurement Act*.

B. The purpose of this chapter is to enunciate the public policies pertaining to governmental procurement from nongovernmental sources, to include governmental procurement that may or may not result in monetary consideration for either party. This chapter shall apply whether the consideration is monetary or nonmonetary and regardless of whether the public body, the contractor, or some third party is providing the consideration.

C. To the end that public bodies in the Commonwealth obtain high quality goods and services at reasonable cost, that all procurement procedures be conducted in a fair and impartial manner with avoidance of any impropriety or appearance of impropriety, that all qualified vendors have access to public business and that no offeror be arbitrarily or capriciously excluded, it is the intent of the General Assembly that competition be sought to the maximum feasible degree, that procurement procedures involve openness and administrative efficiency, that individual public bodies enjoy broad flexibility in fashioning details of such competition, that the rules governing contract awards be made clear in advance of the competition, that specifications reflect the procurement needs of the purchasing body rather than being drawn to favor a particular vendor, and that the purchaser and vendor freely exchange information concerning what is sought to be procured and what is offered. Public bodies may consider best value concepts when procuring goods and nonprofessional services, but not construction or professional services. The criteria, factors, and basis for consideration of best value and the process for the consideration of best value shall be as stated in the procurement solicitation.

§ 2.2-4301. Definitions. -- As used in this chapter:

“*Affiliate*” means an individual or business that controls, is controlled by, or is under common control with another individual or business. A person controls an entity if the person owns, directly or indirectly, more than 10 percent of the voting securities of the entity. For the purposes of this definition “*voting security*” means a security that (i) confers upon the holder the

right to vote for the election of members of the board of directors or similar governing body of the business or (ii) is convertible into, or entitles the holder to receive, upon its exercise, a security that confers such a right to vote. A general partnership interest shall be deemed to be a voting security.

“Best value,” as predetermined in the solicitation, means the overall combination of quality, price, and various elements of required services that in total are optimal relative to a public body's needs.

“Business” means any type of corporation, partnership, limited liability company, association, or sole proprietorship operated for profit.

“Competitive negotiation” is a method of contractor selection that includes the following elements:

1. Issuance of a written Request for Proposal indicating in general terms that which is sought to be procured, specifying the factors that will be used in evaluating the proposal and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities or qualifications that will be required of the contractor.

2. Public notice of the Request for Proposal at least 10 days prior to the date set for receipt of proposals by posting in a public area normally used for posting of public notices and by publication in a newspaper or newspapers of general circulation in the area in which the contract is to be performed so as to provide reasonable notice to the maximum number of offerors that can be reasonably anticipated to submit proposals in response to the particular request. Public notice may also be published on the Department of General Services' central electronic procurement website and other appropriate websites. Effective July 1, 2002, publishing by state agencies, departments and institutions on the public Internet procurement website designated by the Department of General Services shall be required. In addition, proposals may be solicited directly from potential contractors.

3. a. Procurement of professional services. The public body shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. The Request for Proposal shall not, however, request that offerors furnish estimates of man-hours or cost for services. At the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. Proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, the public body shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious. Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the public body can be negotiated at a price considered fair and reasonable, the award shall be

made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price. Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

A contract for architectural or professional engineering services relating to construction projects may be negotiated by a public body, for multiple projects provided (i) the projects require similar experience and expertise, (ii) the nature of the projects is clearly identified in the Request for Proposal, and (iii) the contract term is limited to one year or when the cumulative total project fees reach the maximum cost authorized in this paragraph, whichever occurs first. For state public bodies, such contract, except those awarded for environmental, location, design and inspection work regarding highways and bridges by the Commonwealth Transportation Commissioner may be renewable for four additional one-year terms at the option of the public body. For local public bodies, such contract may be renewable for two additional one-year terms at the option of the public body. Under such contract, (a) the fair and reasonable prices, as negotiated, shall be used in determining the cost of each project performed, (b) except those awarded for environmental, location, design and inspection work regarding highways and bridges by the Commonwealth Transportation Commissioner, the sum of all projects performed in one contract term shall not exceed \$500,000 or, in the case of a state agency, as defined in § 2.2-4347, such greater amount as may be determined by the Director of the Department of General Services, not to exceed \$1 million, except that in any locality or any authority or sanitation district with a population in excess of 80,000, the sum of all such projects shall not exceed \$1 million; and (c) except those awarded for environmental, location, design and inspection work regarding highways and bridges by the Commonwealth Transportation Commissioner, the project fee of any single project shall not exceed \$100,000 or, in the case of a state agency, such greater amount as may be determined by the Director of the Department of General Services not to exceed \$200,000, except that in any locality or any authority or sanitation district with a population in excess of 80,000, such fee shall not exceed \$200,000. Any unused amounts from the first contract term shall not be carried forward to the additional term. Competitive negotiations for such contracts may result in awards to more than one offeror provided (1) the Request for Proposal so states and (2) the public body has established procedures for distributing multiple projects among the selected contractors during the contract term. For contracts for environmental location, design and inspection work regarding highways and bridges by the Commonwealth Transportation Commissioner, the sum of all projects in one contract term shall not exceed \$2 million and such contract may be renewable for two additional one-year terms at the option of the Commissioner.

Multiphase professional services contracts satisfactory and advantageous to the Department of Transportation for environmental, location, design and inspection work regarding highways and bridges may be negotiated and awarded based on a fair and reasonable price for the first phase only, when completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases.

Multiphase professional services contracts satisfactory and advantageous to a local public body for environmental, location, design and inspection work regarding construction of

infrastructure projects may be negotiated and awarded based on qualifications at a fair and reasonable price for the first phase only, when completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to the procurement of any such contract, the local public body shall state the anticipated intended total scope of the project and determine in writing that the nature of the work is such that the best interests of such public body require awarding the contract.

b. Procurement of other than professional services. Selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the Request for Proposal, including price if so stated in the Request for Proposal. Negotiations shall then be conducted with each of the offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each offeror so selected, the public body shall select the offeror which, in its opinion, has made the best proposal, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the Request for Proposal, awards may be made to more than one offeror. Should the public body determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror.

“Competitive sealed bidding” is a method of contractor selection, other than for professional services, which includes the following elements:

1. Issuance of a written Invitation to Bid containing or incorporating by reference the specifications and contractual terms and conditions applicable to the procurement. Unless the public body has provided for prequalification of bidders, the Invitation to Bid shall include a statement of any requisite qualifications of potential contractors. When it is impractical to prepare initially a purchase description to support an award based on prices, an Invitation to Bid may be issued requesting the submission of unpriced offers to be followed by an Invitation to Bid limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

2. Public notice of the Invitation to Bid at least 10 days prior to the date set for receipt of bids by posting in a designated public area, or publication in a newspaper of general circulation, or both. Public notice may also be published on the Department of General Services' central electronic procurement website and other appropriate websites. Effective July 1, 2002, posting by state agencies, departments and institutions on the public Internet procurement website designated by the Department of General Services shall be required. In addition, bids may be solicited directly from potential contractors. Any additional solicitations shall include businesses selected from a list made available by the Department of Minority Business Enterprise.

3. Public opening and announcement of all bids received.

4. Evaluation of bids based upon the requirements set forth in the invitation, which may include special qualifications of potential contractors, life-cycle costing, value analysis, and any other criteria such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose, which are helpful in determining acceptability.

5. Award to the lowest responsive and responsible bidder. When the terms and conditions of multiple awards are so provided in the Invitation to Bid, awards may be made to more than one bidder.

“Construction” means building, altering, repairing, improving or demolishing any structure, building or highway, and any draining, dredging, excavation, grading or similar work upon real property.

“Construction management contract” means a contract in which a party is retained by the owner to coordinate and administer contracts for construction services for the benefit of the owner, and may also include, if provided in the contract, the furnishing of construction services to the owner.

“Design-build contract” means a contract between a public body and another party in which the party contracting with the public body agrees to both design and build the structure, roadway or other item specified in the contract.

“Goods” means all material, equipment, supplies, printing, and automated data processing hardware and software.

“Informality” means a minor defect or variation of a bid or proposal from the exact requirements of the Invitation to Bid, or the Request for Proposal, which does not affect the price, quality, quantity or delivery schedule for the goods, services or construction being procured.

“Multiphase professional services contract” means a contract for the providing of professional services where the total scope of work of the second or subsequent phase of the contract cannot be specified without the results of the first or prior phase of the contract.

“Nonprofessional services” means any services not specifically identified as professional services in the definition of professional services.

“Potential bidder or offeror” for the purposes of §§ 2.2-4360 and 2.2-4364 means a person who, at the time a public body negotiates and awards or proposes to award a contract, is engaged in the sale or lease of goods, or the sale of services, insurance or construction, of the type to be procured under the contract, and who at such time is eligible and qualified in all respects to perform that contract, and who would have been eligible and qualified to submit a bid or proposal had the contract been procured through competitive sealed bidding or competitive negotiation.

“Professional services” means work performed by an independent contractor within the scope of the practice of accounting, actuarial services, architecture, land surveying, landscape architecture, law, dentistry, medicine, optometry, pharmacy or professional engineering. “Professional services” shall also include the services of an economist procured by the State Corporation Commission.

“Public body” means any legislative, executive or judicial body, agency, office, department, authority, post, commission, committee, institution, board or political subdivision

created by law to exercise some sovereign power or to perform some governmental duty, and empowered by law to undertake the activities described in this chapter.

“Public contract” means an agreement between a public body and a nongovernmental source that is enforceable in a court of law.

“Responsible bidder” or *“offeror”* means a person who has the capability, in all respects, to perform fully the contract requirements and the moral and business integrity and reliability that will assure good faith performance, and who has been prequalified, if required.

“Responsive bidder” means a person who has submitted a bid that conforms in all material respects to the Invitation to Bid.

“Reverse auctioning” means a procurement method wherein bidders are invited to bid on specified goods or nonprofessional services through real-time electronic bidding, with the award being made to the lowest responsive and responsible bidder. During the bidding process, bidders' prices are revealed and bidders shall have the opportunity to modify their bid prices for the duration of the time period established for bid opening.

“Services” means any work performed by an independent contractor wherein the service rendered does not consist primarily of acquisition of equipment or materials, or the rental of equipment, materials and supplies.

“Sheltered workshop” means a work-oriented rehabilitative facility with a controlled working environment and individual goals that utilizes work experience and related services for assisting the handicapped person to progress toward normal living and a productive vocational status.

§ 2.2-4302. Implementation. -- This chapter may be implemented by ordinances, resolutions or regulations consistent with this chapter and with the provisions of other applicable law promulgated by any public body empowered by law to undertake the activities described in this chapter. Any such public body may act by and through its duly designated or authorized officers or employees.

Article 2.

Contract Formation and Administration

§ 2.2-4303. Methods of procurement. -- A. All public contracts with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction, shall be awarded after competitive sealed bidding, or competitive negotiation as provided in this section, unless otherwise authorized by law.

B. Professional services shall be procured by competitive negotiation.

UNOFFICIAL COPY – VIRGINIA PUBLIC PROCUREMENT ACT

C. Upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, goods, services, or insurance may be procured by competitive negotiation. The writing shall document the basis for this determination.

Upon a written determination made in advance by (i) the Governor or his designee in the case of a procurement by the Commonwealth or by a department, agency or institution thereof or (ii) the local governing body in the case of a procurement by a political subdivision of the Commonwealth, that competitive negotiation is either not practicable or not fiscally advantageous, insurance may be procured through a licensed agent or broker selected in the manner provided for the procurement of things other than professional services in subdivision 3.b. of the definition of “competitive negotiation” in § 2.2-4301. The basis for this determination shall be documented in writing.

D. Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances upon a determination made in advance by the public body and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, which writing shall document the basis for this determination:

1. By the Commonwealth, its departments, agencies and institutions on a fixed price design-build basis or construction management basis under § 2.2-4306;

2. By any public body for the construction, alteration, repair, renovation or demolition of buildings when the contract is not expected to cost more than \$1 million;

3. By any public body for the construction of highways and any draining, dredging, excavation, grading or similar work upon real property; or

4. As otherwise provided in § 2.2-4308.

E. Upon a determination in writing that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competitive sealed bidding or competitive negotiation. The writing shall document the basis for this determination. The public body shall issue a written notice stating that only one source was determined to be practicably available, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted in a designated public area or published in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first. Public notice may also be published on the Department of General Services' central electronic procurement website and other appropriate websites.

F. In case of emergency, a contract may be awarded without competitive sealed bidding or competitive negotiation; however, such procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file.

The public body shall issue a written notice stating that the contract is being awarded on an emergency basis, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted in a designated public area or published in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first, or as soon thereafter as is practicable. Public notice may also be published on the Department of General Services' central electronic procurement website and other appropriate websites.

G. A public body may establish purchase procedures, if adopted in writing, not requiring competitive sealed bids or competitive negotiation for single or term contracts for goods and services other than professional services if the aggregate or the sum of all phases is not expected to exceed \$50,000; however, such small purchase procedures shall provide for competition wherever practicable. Purchases under this subsection that are expected to exceed \$30,000 shall require the written informal solicitation of a minimum of four bidders or offerors.

H. A public body may establish purchase procedures, if adopted in writing, not requiring competitive negotiation for single or term contracts for professional services if the aggregate or the sum of all phases is not expected to exceed \$30,000; however such small purchase procedures shall provide for competition wherever practicable.

I. Upon a determination made in advance by a public body and set forth in writing that the purchase of goods, products or commodities from a public auction sale is in the best interests of the public, such items may be purchased at the auction, including online public auctions. The writing shall document the basis for this determination. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by online public auctions.

J. The purchase of goods or nonprofessional services, but not construction or professional services, may be made by reverse auctioning. However, bulk purchases of commodities used in road and highway construction and maintenance, and aggregates shall not be made by reverse auctioning.

§ 2.2-4304. Cooperative procurement. -- A. Any public body may participate in, sponsor, conduct, or administer a cooperative procurement agreement on behalf of or in conjunction with one or more other public bodies, or public agencies or institutions or localities of the several states, of the United States or its territories, the District of Columbia, or the U.S. General Services Administration, for the purpose of combining requirements to increase efficiency or reduce administrative expenses in any acquisition of goods and services. Except for contracts for professional services, a public body may purchase from another public body's contract even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was being conducted on behalf of other public bodies. Any public body that enters into a cooperative procurement agreement with a county, city, or town whose governing body has adopted alternative policies and procedures pursuant to subdivisions 9 and 10 of § 2.2-4343 shall comply with the alternative policies and procedures adopted by the governing body of such county, city, or town.

B. Subject to the provisions of §§ 2.2-1110, 2.2-1111, 2.2-1120 and 2.2-2012, any authority, department, agency, or institution of the Commonwealth may participate in, sponsor, conduct, or administer a cooperative procurement arrangement on behalf of or in conjunction with public bodies, private health or educational institutions or with public agencies or institutions of the several states, territories of the United States, or the District of Columbia, for the purpose of combining requirements to effect cost savings or reduce administrative expense in any acquisition of goods and services, other than professional services. A public body may purchase from any authority, department, agency or institution of the Commonwealth's contract even if it did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was being conducted on behalf of other public bodies. In such instances, deviation from the procurement procedures set forth in this chapter and the administrative policies and procedures established to implement this chapter shall be permitted, if approved by the Director of the Division of Purchases and Supply.

Pursuant to § 2.2-2012, such approval is not required if the procurement arrangement is for telecommunications and information technology goods and services of every description. In instances where the procurement arrangement is for telecommunications and information technology goods and services, such arrangement shall be permitted if approved by the Chief Information Officer. However, such acquisitions shall be procured competitively.

Nothing herein shall prohibit the payment by direct or indirect means of any administrative fee that will allow for participation in any such arrangement.

C. As authorized by the United States Congress and consistent with applicable federal regulations, and provided the terms of the contract permit such purchases:

1. Any authority, department, agency, or institution of the Commonwealth may purchase goods and nonprofessional services, other than telecommunications and information technology, from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government, upon approval of the director of the Division of Purchases & Supply of the Department of General Services;

2. Any authority, department, agency, or institution of the Commonwealth may purchase telecommunications and information technology goods and nonprofessional services from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government, upon approval of the Chief Information Officer; and

3. Any county, city, town, or school board may purchase goods and nonprofessional services from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government.

D. As authorized by the U.S. Congress and consistent with applicable federal regulations, and upon approval of the director of the Division of Purchases & Supply of the Department of General Services, any authority, department, agency, or institution of the Commonwealth may purchase nontelecommunications and information technology goods and nonprofessional services

from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government.

E. As authorized by the U.S. Congress and consistent with applicable federal regulations, and upon approval of the Chief Information Officer, any authority, department, agency, or institution of the Commonwealth may purchase telecommunications and information technology goods and nonprofessional services from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government.

§ 2.2-4305. Competitive procurement by localities on state-aid projects. -- No contract for the construction of any building or for an addition to or improvement of an existing building by any local governing body or subdivision thereof for which state funds of not more than \$30,000 in the aggregate or for the sum of all phases of a contract or project either by appropriation, grant-in-aid or loan, are used or are to be used for all or part of the cost of construction shall be let except after competitive sealed bidding or after competitive negotiation as provided under subsection D of § 2.2-4303. The procedure for the advertising for bids or for proposals and for letting of the contract shall conform, mutatis mutandis, to this chapter.

§ 2.2-4306. Design-build or construction management contracts for Commonwealth authorized. -- A. Notwithstanding any other provisions of law, the Commonwealth may enter into contracts on a fixed price design-build basis or construction management basis in accordance with the provisions of this section and § 2.2-1502. Procedures to implement this section and any changes to such procedures shall be adopted by the Secretary of Administration after a public hearing and reviewed by the House Committee on Appropriations and the Senate Committee on Finance.

B. Procurement of construction by the design-build method shall be a two-step competitive negotiation process. In the first step, offerors shall be requested to submit their qualifications. Based upon the information submitted and any other relevant information which the Commonwealth may obtain, no more than five offerors deemed most suitable for the project shall be selected by the Commonwealth and requested to submit proposals.

C. Design-build contracts may be used by the Commonwealth only for those types of construction projects designated in the procedures adopted by the Secretary of Administration to implement this section.

§ 2.2-4307. Fixed-price or not-to-exceed-price design-build and construction management contracts for juvenile correctional facilities authorized. -- Notwithstanding the provisions of § 2.2-4306, but subject to the procedures adopted by the Secretary of Administration to implement the provisions of that section, the Commonwealth may enter into contracts for juvenile correctional facilities on a fixed-price or not-to-exceed-price design-build basis or construction management basis, including related leases, lease/purchase contracts, agreements relating to the sale of securities to finance such facilities, and similar financing agreements.

§ 2.2-4308. Design-build or construction management contracts for public bodies other than the Commonwealth; eligibility requirements; award of contract; records to be kept. -- A. While the competitive sealed bid process remains the preferred method of construction procurement for public bodies in the Commonwealth, any public body other than the Commonwealth may enter into a contract for construction on a fixed price or not-to-exceed price design-build or construction management basis provided the public body complies with the requirements of this section and has obtained the approval of the Design-Build/Construction Management Review Board (the Review Board) pursuant to § 2.2-2406. Provided, however, that projects undertaken pursuant to subdivision D 2 of § 2.2-4303 shall be exempt from approval of the Review Board.

Prior to making a determination as to the use of design-build or construction management for a specific construction project, the public body shall have in its employ or under contract a licensed architect or engineer with professional competence appropriate to the project who shall advise the public body regarding the use of design-build or construction management for that project and who shall assist the public body with the preparation of the Request for Proposal and the evaluation of such proposals.

Prior to issuing a Request for Proposal for any design-build or construction management contract for a specific construction project, the public body shall:

1. Have adopted, by ordinance or resolution, written procedures governing the selection, evaluation and award of design-build and construction management contracts. Such procedures shall be consistent with those described in this chapter for the procurement of nonprofessional services through competitive negotiation. Such procedures shall also require Requests for Proposals to include and define the criteria of such construction project in areas such as site plans; floor plans; exterior elevations; basic building envelope materials; fire protection information plans; structural, mechanical (HVAC), and electrical systems; and special telecommunications; and may define such other requirements as the public body determines appropriate for that particular construction project. Except as may otherwise be approved by the Review Board, such procedures for:

- a. Design-build construction projects shall include a two-step competitive negotiation process consistent with the Review Board's regulations.

- b. Construction management projects shall include selection procedures and required construction management contract terms consistent with the Review Board's regulations.

2. Have documented in writing that for a specific construction project (i) a design-build or construction management contract is more advantageous than a competitive sealed bid construction contract; (ii) there is a benefit to the public body by using a design-build or construction management contract; and (iii) competitive sealed bidding is not practical or fiscally advantageous.

B. Once approved by the Review Board in accordance with § 2.2-2406, the public body may procure a design-build or construction management contract for the specific construction

project presented to the Review Board. Unless otherwise specified in the Request for Proposal, the contract shall be awarded to the fully qualified offeror who submits an acceptable proposal at the lowest cost in response to the Request for Proposal.

C. The public body shall provide information as requested by the Review Board to allow post-project evaluation by the Review Board.

§ 2.2-4309. Modification of the contract. -- A. A public contract may include provisions for modification of the contract during performance, but no fixed-price contract may be increased by more than twenty-five percent of the amount of the contract or \$50,000, whichever is greater, without the advance written approval of the Governor or his designee, in the case of state agencies, or the governing body, in the case of political subdivisions. In no event may the amount of any contract, without adequate consideration, be increased for any purpose, including, but not limited to, relief of an offeror from the consequences of an error in its bid or offer.

B. Any public body may extend the term of an existing contract for services to allow completion of any work undertaken but not completed during the original term of the contract.

C. Nothing in this section shall prevent any public body from placing greater restrictions on contract modifications.

§ 2.2-4310. Discrimination prohibited; participation of small, women- and minority-owned business. -- A. In the solicitation or awarding of contracts, no public body shall discriminate against a bidder or offeror because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment. Whenever solicitations are made, each public body shall include businesses selected from a list made available by the Department of Minority Business Enterprise.

B. All public bodies shall establish programs consistent with this chapter to facilitate the participation of small businesses and businesses owned by women and minorities in procurement transactions. The programs established shall be in writing and shall include cooperation with the Department of Minority Business Enterprise, the United States Small Business Administration, and other public or private agencies. State agencies shall submit annual progress reports on minority business procurement to the Department of Minority Business Enterprise.

C. Whenever there exists (i) a rational basis for small business enhancement or (ii) a persuasive analysis that documents a statistically significant disparity between the availability and utilization of women- and minority-owned businesses, the Governor is authorized and encouraged to require state agencies to implement appropriate enhancement or remedial measures consistent with prevailing law. For the purposes of this subsection, “state agency” means any authority, board, department, instrumentality, institution, agency or other unit of state government. “State agency” shall not include any county, city, or town.

D. In the solicitation or awarding of contracts, no state agency, department or institution shall discriminate against a bidder or offeror because the bidder or offeror employs ex-

offenders unless the state agency, department or institution has made a written determination that employing ex-offenders on the specific contract is not in its best interest.

§ 2.2-4311. Employment discrimination by contractor prohibited; required contract provisions. -- All public bodies shall include in every contract of more than \$10,000 the following provisions:

1. During the performance of this contract, the contractor agrees as follows:
 - a. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 - b. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.
 - c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.
2. The contractor will include the provisions of the foregoing paragraphs a, b and c in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

§ 2.2-4312. Drug-free workplace to be maintained by contractor; required contract provisions. -- All public bodies shall include in every contract over \$10,000 the following provisions:

During the performance of this contract, the contractor agrees to (i) provide a drug-free workplace for the contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the contractor that the contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, “*drug-free workplace*” means a site for the performance of work done in connection with a specific contract awarded to a contractor in accordance with this chapter, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.

§ 2.2-4313. Petition for recycled goods and products; periodic review of procurement standards. -- A. Any person who believes that particular goods or products with recycled content are functionally equivalent to the same goods or products produced from virgin materials may petition the Department of General Services or other appropriate agency of the Commonwealth to include the recycled goods or products in its procurement process. The petitioner shall submit, prior to or during the procurement process, documentation that establishes that the goods or products (i) contain recycled content and (ii) can meet the performance standards set forth in the applicable specifications. If the Department of General Services or other agency of the Commonwealth that receives the petition determines that the documentation demonstrates that the goods or products with recycled content will meet the performance standards set forth in the applicable specifications, it shall incorporate the goods or products into its procurement process.

B. The Department of General Services and all agencies of the Commonwealth shall review and revise their procurement procedures and specifications on a continuing basis to encourage the use of goods and products with recycled content and shall, in developing new procedures and specifications, encourage the use of goods and products with recycled content.

§ 2.2-4314. Petition for procurement of less toxic goods and products; periodic review of procurement standards. -- A. As used in this section:

“Goods and products” means goods and products that are used or consumed by an agency of the Commonwealth in the performance of its statutory functions. The term shall include, but not be limited to (i) cleaning materials, (ii) paints and coatings, (iii) solvents, (iv) adhesives, (v) inks, and (vi) pesticides and herbicides. The term shall not include: (i) fuels, (ii) food and beverages, (iii) furniture and fixtures, (iv) tobacco products, and (v) packaging and containers.

“Less toxic goods and products” means goods and products that (i) are functionally equivalent to and (ii) contain, emit, produce, or generate, less toxic or hazardous substances, or other toxic or hazardous substances that pose less of a hazard to public health and safety, or both, than goods and products procured by the Department of General Services or other agency of the Commonwealth.

“Toxic or hazardous substance” means (i) a chemical identified on the Toxic Chemical List established pursuant to § 313 of the *Emergency Planning and Community Right-to-Know Act*, 42 U.S.C. § 11001 et seq. (P.L. 99-499) or (ii) a chemical listed pursuant to §§ 101 (14) or 102 of the *Comprehensive Environmental Response, Compensation and Liability Act*, 42 U.S.C. § 9601 et seq. (P.L. 92-500).

B. Any person who manufactures, sells, or supplies goods or products may petition the Department of General Services or other appropriate agency of the Commonwealth for the inclusion of the less toxic goods and products in its procurement process. The petitioner shall submit, prior to or during the procurement process, documentation that establishes that the goods or products meet the performance standards set forth in the applicable specifications. If the Department of General Services or other agency of the Commonwealth that receives the petition determines that the documentation establishes that the less toxic goods or products meet the

performance standards set forth in the applicable specifications, it shall incorporate such goods or products into its procurement process.

C. The Department of General Services and all agencies of the Commonwealth shall review and revise their procurement procedures and specifications on a continuing basis to encourage the use of less toxic goods and products. However, nothing in this section shall require the Department or other agencies to purchase, test or evaluate any particular goods or products. Nor shall this section require the Department to purchase goods or products other than those that would be purchased under regular procurement procedures.

§ 2.2-4315. Use of brand names. -- Unless otherwise provided in the Invitation to Bid, the name of a certain brand, make or manufacturer shall not restrict bidders to the specific brand, make or manufacturer named and shall be deemed to convey the general style, type, character, and quality of the article desired. Any article that the public body in its sole discretion determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted.

§ 2.2-4316. Comments concerning specifications. -- Every public body awarding public contracts shall establish procedures whereby comments concerning specifications or other provisions in Invitations to Bid or Requests for Proposal can be received and considered prior to the time set for receipt of bids or proposals or award of the contract.

§ 2.2-4317. Prequalification generally; prequalification for construction. -- A. Prospective contractors may be prequalified for particular types of supplies, services, insurance or construction, and consideration of bids or proposals limited to prequalified contractors. Any prequalification procedure shall be established in writing and sufficiently in advance of its implementation to allow potential contractors a fair opportunity to complete the process.

B. Any prequalification of prospective contractors for construction by a public body shall be pursuant to a prequalification process for construction projects adopted by the public body. The process shall be consistent with the provisions of this section.

The application form used in such process shall set forth the criteria upon which the qualifications of prospective contractors will be evaluated. The application form shall request of prospective contractors only such information as is appropriate for an objective evaluation of all prospective contractors pursuant to such criteria. The form shall allow the prospective contractor seeking prequalification to request, by checking the appropriate box, that all information voluntarily submitted by the contractor pursuant to this subsection shall be considered a trade secret or proprietary information subject to the provisions of subsection D of § 2.2-4342.

In all instances in which the public body requires prequalification of potential contractors for construction projects, advance notice shall be given of the deadline for the submission of prequalification applications. The deadline for submission shall be sufficiently in advance of the date set for the submission of bids for such construction so as to allow the procedures set forth in this subsection to be accomplished.

At least thirty days prior to the date established for submission of bids or proposals under the procurement of the contract for which the prequalification applies, the public body shall advise in writing each contractor who submitted an application whether that contractor has been prequalified. In the event that a contractor is denied prequalification, the written notification to the contractor shall state the reasons for the denial of prequalification and the factual basis of such reasons.

A decision by a public body denying prequalification under the provisions of this subsection shall be final and conclusive unless the contractor appeals the decision as provided in § 2.2-4357.

C. A public body may deny prequalification to any contractor only if the public body finds one of the following:

1. The contractor does not have sufficient financial ability to perform the contract that would result from such procurement. If a bond is required to ensure performance of a contract, evidence that the contractor can acquire a surety bond from a corporation included on the United States Treasury list of acceptable surety corporations in the amount and type required by the public body shall be sufficient to establish the financial ability of the contractor to perform the contract resulting from such procurement;

2. The contractor does not have appropriate experience to perform the construction project in question;

3. The contractor or any officer, director or owner thereof has had judgments entered against him within the past ten years for the breach of contracts for governmental or nongovernmental construction, including, but not limited to, design-build or construction management;

4. The contractor has been in substantial noncompliance with the terms and conditions of prior construction contracts with a public body without good cause. If the public body has not contracted with a contractor in any prior construction contracts, the public body may deny prequalification if the contractor has been in substantial noncompliance with the terms and conditions of comparable construction contracts with another public body without good cause. A public body may not utilize this provision to deny prequalification unless the facts underlying such substantial noncompliance were documented in writing in the prior construction project file and such information relating thereto given to the contractor at that time, with the opportunity to respond;

5. The contractor or any officer, director, owner, project manager, procurement manager or chief financial official thereof has been convicted within the past ten years of a crime related to governmental or nongovernmental construction or contracting, including, but not limited to, a violation of (i) Article 6 (§ 2.2-4367 et seq.) of this chapter, (ii) the *Virginia Governmental Frauds Act* (§ 18.2-498.1 et seq.), (iii) Chapter 4.2 (§ 59.1-68.6 et seq.) of Title 59.1, or (iv) any substantially similar law of the United States or another state;

6. The contractor or any officer, director or owner thereof is currently debarred pursuant to an established debarment procedure from bidding or contracting by any public body, agency of another state or agency of the federal government; and

7. The contractor failed to provide to the public body in a timely manner any information requested by the public body relevant to subdivisions 1 through 6 of this subsection.

D. If a public body has a prequalification ordinance that provides for minority participation in municipal construction contracts, that public body may also deny prequalification based on minority participation criteria. However, nothing herein shall authorize the adoption or enforcement of minority participation criteria except to the extent that such criteria, and the adoption and enforcement thereof, are in accordance with the Constitution and laws of the United States and the Commonwealth.

E. The provisions of subsections B, C, and D shall not apply to prequalification for contracts let by the Commonwealth Transportation Board under § 33.1-12.

§ 2.2-4318. Negotiation with lowest responsible bidder. -- Unless canceled or rejected, a responsive bid from the lowest responsible bidder shall be accepted as submitted, except that if the bid from the lowest responsible bidder exceeds available funds, the public body may negotiate with the apparent low bidder to obtain a contract price within available funds. However, the negotiation may be undertaken only under conditions and procedures described in writing and approved by the public body prior to issuance of the Invitation to Bid and summarized therein.

§ 2.2-4319. Cancellation, rejection of bids; waiver of informalities. -- A. An Invitation to Bid, a Request for Proposal, any other solicitation, or any and all bids or proposals, may be canceled or rejected. The reasons for cancellation or rejection shall be made part of the contract file. A public body shall not cancel or reject an Invitation to Bid, a Request for Proposal, any other solicitation, bid or proposal pursuant to this section solely to avoid awarding a contract to a particular responsive and responsible bidder or offeror.

B. A public body may waive informalities in bids.

§ 2.2-4320. Exclusion of insurance bids prohibited. -- Notwithstanding any other provision of law, no insurer licensed to transact the business of insurance in the Commonwealth or approved to issue surplus lines insurance in the Commonwealth shall be excluded from presenting an insurance bid proposal to a public body in response to a request for proposal or an invitation to bid. Nothing in this section shall preclude a public body from debarring a prospective insurer pursuant to § 2.2-4321.

§ 2.2-4321. Debarment. -- Prospective contractors may be debarred from contracting for particular types of supplies, services, insurance or construction, for specified periods of time. Any debarment procedure shall be established in writing for state agencies and institutions by the agency designated by the Governor and for political subdivisions by their governing bodies. Any debarment procedure may provide for debarment on the basis of a contractor's unsatisfactory performance for a public body.

§ 2.2-4321.1. Prohibited contracts; exceptions; determination by Department of Taxation; appeal; remedies. -- A. No state agency shall contract for goods or services with a nongovernmental source if the source, or any affiliate of the source, is subject to the provisions of § 58.1-612 and fails or refuses to collect and remit the tax on its sales delivered by any means to locations within the Commonwealth. For the purposes of this section, “*state agency*” means any authority, board, department, instrumentality, institution, agency or other unit of state government. State agency shall not include any public institution of higher education or any county, city or town or any local or regional governmental authority.

B. A state agency may contract for goods or services with a source prohibited under subsection A in the event of an emergency or where the nongovernmental source is the sole source of such goods or services.

C. The determination of whether a source is a prohibited source shall be made by the Department of Taxation after providing the prohibited source with notice and an opportunity to respond to the proposed determination. The Department of Taxation shall notify the Department of General Services of its determination.

D. The Department of General Services shall post public notice of all prohibited sources on its public internet procurement website and on other appropriate websites.

E. The remedies provided in Article 5 (§ 2.2-4357 et seq.) of this chapter shall not apply to any determination made pursuant to this section and the sole remedy for any adverse determination shall be as provided in subsection F.

F. Any source aggrieved by a determination of the Department of Taxation made under this section may apply to the Tax Commissioner for correction of the determination. The Tax Commissioner shall respond within 30 days of receipt of the application for corrective action. Within 10 days after receipt of the Tax Commissioner's response, the aggrieved source may appeal to the Circuit Court for the City of Richmond. If it is determined that the determination of the Department of Taxation was arbitrary, capricious, or not in accordance with law, the sole relief shall be restoration of the source's eligibility to contract with state agencies. No claim for damages or attorney's fees shall be awarded.

G. Any action of the Department of Taxation, the Department of General Services, or of any state agency under this section shall be exempt from the provisions of the *Administrative Process Act* (§ 2.2-4000 et seq.).

§ 2.2-4322. Acceptance of bids submitted to the Department of Transportation. -- In a procurement by the Department of Transportation by competitive sealed bidding for highway construction and maintenance contracts, the Department may accept bids in response to an Invitation to Bid at the Department's central office or at district offices or other satellite locations designated in the Invitation to Bid, in accordance with specifications adopted by the Department. An Invitation to Bid may authorize agents of the Department to accept from bidders on a voluntary basis a supplemental submission referencing the total bid amount on a form prescribed by the Department. Information contained in any supplemental submission may be made available to the

public by the Department after the time for receiving bids has expired and before the public opening and announcement of all sealed bids.

§ 2.2-4323. Purchase programs for recycled goods; agency responsibilities. -- A. All state agencies shall implement a purchase program for recycled goods and shall coordinate their efforts so as to achieve the goals and objectives established in subsection C as well as those set forth in §§ 10.1-1425.6, 10.1-1425.7, 10.1-1425.8, 2.2-4313, 2.2-4324, and 2.2-4326.

B. The Department of Environmental Quality, with advice from the Virginia Recycling Markets Development Council, shall advise the Department of General Services concerning the designation of recycled goods. In cooperation with the Department of General Services, the Department of Environmental Quality shall increase the awareness of state agencies as to the benefits of using such products.

C. The Department of General Services shall:

1. Ensure that the Commonwealth's procurement guidelines for state agencies promote the use of recycled goods.
2. Promote the Commonwealth's interest in the use of recycled products to vendors.
3. Make agencies aware of the availability of recycled goods, including those that use post-consumer and other recovered materials processed by Virginia-based companies.

D. All state agencies shall, to the greatest extent possible, adhere to the procurement program guidelines for recycled products to be established by the Department of General Services.

§ 2.2-4324. Preference for Virginia products with recycled content and for Virginia firms. -- A. In the case of a tie bid, preference shall be given to goods produced in Virginia, goods or services or construction provided by Virginia persons, firms or corporations; otherwise the tie shall be decided by lot.

B. Whenever any bidder is a resident of any other state and such state under its laws allows a resident contractor of that state a preference, a like preference may be allowed to the lowest responsible bidder who is a resident of Virginia.

C. Notwithstanding the provisions of subsections A and B, in the case of a tie bid in instances where goods are being offered, and existing price preferences have already been taken into account, preference shall be given to the bidder whose goods contain the greatest amount of recycled content.

§ 2.2-4325. Preference for Virginia coal used in state facilities. -- In determining the award of any contract for coal to be purchased for use in state facilities with state funds, the Department of General Services shall procure using competitive sealed bidding and shall award to the lowest responsive and responsible bidder offering coal mined in Virginia so long as its bid price

is not more than four percent greater than the bid price of the low responsive and responsible bidder offering coal mined elsewhere.

§ 2.2-4326. Preference for recycled paper and paper products used by state agencies.

-- A. In determining the award of any contract for paper and paper products to be purchased for use by agencies of the Commonwealth, the Department of General Services shall procure using competitive sealed bidding and shall award to the lowest responsible bidder offering recycled paper and paper products of a quality suitable for the purpose intended, so long as the bid price is not more than ten percent greater than the bid price of the low responsive and responsible bidder offering a product that does not qualify under subsection B.

B. For purposes of this section, recycled paper and paper products means any paper or paper products meeting the EPA Recommended Content Standards as defined in 40 C.F.R. Part 250.

§ 2.2-4327. (Effective July 1, 2003) Preference for community reinvestment activities in contracts for investment of funds. -- Notwithstanding any other provision of law, any county or city that is authorized to and has established affordable housing programs pursuant to (i) § 15.2-2304 or § 15.2-2305 or (ii) a local ordinance adopted prior to December 31, 1988, may provide by resolution that in determining the award of any contract for time deposits or investment of its funds, the treasurer or director of finance of such county or city may consider, in addition to the typical criteria, the investment activities of qualifying institutions that enhance the supply of, or accessibility to, affordable housing within the jurisdiction. No more than fifty percent of the funds of the county or city, calculated on the basis of the average daily balance of the general fund during the previous fiscal year, may be deposited or invested by considering such investment activities as a factor in the award of a contract. A qualifying institution shall meet the provisions of the *Virginia Security for Public Deposits Act* (§ 2.2-4400 et seq.) and all local terms and conditions for security, liquidity and rate of return.

§ 2.2-4328. Preference for local products and firms; applicability. -- A. The governing body of a county, city or town may, in the case of a tie bid, give preference to goods, services and construction produced in such locality or provided by persons, firms or corporations having principal places of business in the locality, if such a choice is available; otherwise the tie shall be decided by lot, unless § 2.2-4324 applies.

B. The provisions of this section shall apply only to bids submitted pursuant to a written Invitation to Bid.

§ 2.2-4329. Expired.

§ 2.2-4330. Withdrawal of bid due to error. -- A. A bidder for a public construction contract, other than a contract for construction or maintenance of public highways, may withdraw his bid from consideration if the price bid was substantially lower than the other bids due solely to a mistake in the bid, provided the bid was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake, and was actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the

compilation of a bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the bid sought to be withdrawn.

If a bid contains both clerical and judgment mistakes, a bidder may withdraw his bid from consideration if the price bid would have been substantially lower than the other bids due solely to the clerical mistake, that was an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of a bid that shall be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the bid sought to be withdrawn.

One of the following procedures for withdrawal of a bid shall be selected by the public body and stated in the advertisement for bids (i) the bidder shall give notice in writing of his claim of right to withdraw his bid within two business days after the conclusion of the bid opening procedure and shall submit original work papers with such notice; or (ii) the bidder shall submit to the public body or designated official his original work papers, documents and materials used in the preparation of the bid within one day after the date fixed for submission of bids. The work papers shall be delivered by the bidder in person or by registered mail at or prior to the time fixed for the opening of bids. In either instance, the work papers, documents and materials may be considered as trade secrets or proprietary information subject to the conditions of subsection F of § 2.2-4342. The bids shall be opened one day following the time fixed by the public body for the submission of bids. Thereafter, the bidder shall have two hours after the opening of bids within which to claim in writing any mistake as defined herein and withdraw his bid. The contract shall not be awarded by the public body until the two-hour period has elapsed. The mistake shall be proved only from the original work papers, documents and materials delivered as required herein.

B. A public body may establish procedures for the withdrawal of bids for other than construction contracts.

C. No bid shall be withdrawn under this section when the result would be the awarding of the contract on another bid of the same bidder or of another bidder in which the ownership of the withdrawing bidder is more than five percent.

D. If a bid is withdrawn in accordance with this section, the lowest remaining bid shall be deemed to be the low bid.

E. No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work agreement for the person or firm to whom the contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted.

F. If the public body denies the withdrawal of a bid under the provisions of this section, it shall notify the bidder in writing stating the reasons for its decision and award the contract to such bidder at the bid price, provided such bidder is a responsible and responsive bidder.

§ 2.2-4331. Contract pricing arrangements. -- A. Except as prohibited in this section, public contracts may be awarded on a fixed price or cost reimbursement basis, or on any other basis that is not prohibited.

B. Except in case of emergency affecting the public health, safety or welfare, no public contract shall be awarded on the basis of cost plus a percentage of cost.

C. A policy or contract of insurance or prepaid coverage having a premium computed on the basis of claims paid or incurred, plus the insurance carrier's administrative costs and retention stated in whole or part as a percentage of such claims, shall not be prohibited by this section.

§ 2.2-4332. Workers' compensation requirements for construction contractors and subcontractors. -- A. No contractor shall perform any work on a construction project of a department, agency or institution of the Commonwealth or any of its political subdivisions unless he (i) has obtained, and continues to maintain for the duration of the work, workers' compensation coverage required pursuant to the provisions of Chapter 8 (§ 65.2-800 et seq.) of Title 65.2 and (ii) provides prior to the award of contract, on a form furnished by the department, agency, or institution of the Commonwealth or political subdivision thereof, evidence of such coverage.

B. The Department of General Services shall provide the form to such departments, agencies, institutions, and political subdivisions. Failure of a department, agency, institution or political subdivision to provide the form prior to the award of contract shall waive the requirements of clause (ii) of subsection A.

C. No subcontractor shall perform any work on a construction project of a department, agency or institution of the Commonwealth unless he has obtained, and continues to maintain for the duration of such work, workers' compensation coverage required pursuant to the provisions of Chapter 8 (§ 65.2-800 et seq.) of Title 65.2.

§ 2.2-4333. Retainage on construction contracts. -- A. In any public contract for construction that provides for progress payments in installments based upon an estimated percentage of completion, the contractor shall be paid at least ninety-five percent of the earned sum when payment is due, with no more than five percent being retained to ensure faithful performance of the contract. All amounts withheld may be included in the final payment.

B. Any subcontract for a public project that provides for similar progress payments shall be subject to the provisions of this section.

§ 2.2-4334. Deposit of certain retained funds on certain contracts with local governments; penalty for failure to timely complete. -- A. Any county, city, town or agency thereof or other political subdivision of the Commonwealth when contracting directly with contractors for public contracts of \$200,000 or more for construction of highways, roads, streets, bridges, parking lots, demolition, clearing, grading, excavating, paving, pile driving, miscellaneous drainage structures, and the installation of water, gas, sewer lines and pumping stations where portions of the contract price are to be retained, shall include in the Bid Proposal an option for the

contractor to use an escrow account procedure for utilization of the political subdivision's retainage funds by so indicating in the space provided in the proposal documents. In the event the contractor elects to use the escrow account procedure, the escrow agreement form included in the Bid Proposal and Contract shall be executed and submitted to the political subdivision within fifteen calendar days after notification. If the escrow agreement form is not submitted within the fifteen-day period, the contractor shall forfeit his rights to the use of the escrow account procedure.

B. In order to have retained funds paid to an escrow agent, the contractor, the escrow agent, and the surety shall execute an escrow agreement form. The contractor's escrow agent shall be a trust company, bank or savings institution with its principal office located in the Commonwealth. The escrow agreement and all regulations adopted by the political subdivision entering into the contract shall be substantially the same as that used by the Virginia Department of Transportation.

C. This section shall not apply to public contracts for construction for railroads, public transit systems, runways, dams, foundations, installation or maintenance of power systems for the generation and primary and secondary distribution of electric current ahead of the customer's meter, the installation or maintenance of telephone, telegraph or signal systems for public utilities and the construction or maintenance of solid waste or recycling facilities and treatment plants.

D. Any such public contract for construction with a county, city, town or agency thereof or other political subdivision of the Commonwealth, which includes payment of interest on retained funds, may require a provision whereby the contractor, exclusive of reasonable circumstances beyond the control of the contractor stated in the contract, shall pay a specified penalty for each day exceeding the completion date stated in the contract.

E. Any subcontract for such public project that provides for similar progress payments shall be subject to the provisions of this section.

§ 2.2-4335. Public construction contract provisions barring damages for unreasonable delays declared void. -- A. Any provision contained in any public construction contract that purports to waive, release, or extinguish the rights of a contractor to recover costs or damages for unreasonable delay in performing such contract, either on his behalf or on behalf of his subcontractor if and to the extent the delay is caused by acts or omissions of the public body, its agents or employees and due to causes within their control shall be void and unenforceable as against public policy.

B. Subsection A shall not be construed to render void any provision of a public construction contract that:

1. Allows a public body to recover that portion of delay costs caused by the acts or omissions of the contractor, or its subcontractors, agents or employees;
2. Requires notice of any delay by the party claiming the delay;
3. Provides for liquidated damages for delay; or

4. Provides for arbitration or any other procedure designed to settle contract disputes.

C. A contractor making a claim against a public body for costs or damages due to the alleged delaying of the contractor in the performance of its work under any public construction contract shall be liable to the public body and shall pay it for a percentage of all costs incurred by the public body in investigating, analyzing, negotiating, litigating and arbitrating the claim, which percentage shall be equal to the percentage of the contractor's total delay claim that is determined through litigation or arbitration to be false or to have no basis in law or in fact.

D. A public body denying a contractor's claim for costs or damages due to the alleged delaying of the contractor in the performance of work under any public construction contract shall be liable to and shall pay such contractor a percentage of all costs incurred by the contractor to investigate, analyze, negotiate, litigate and arbitrate the claim. The percentage paid by the public body shall be equal to the percentage of the contractor's total delay claim for which the public body's denial is determined through litigation or arbitration to have been made in bad faith.

§ 2.2-4336. Bid bonds. -- A. Except in cases of emergency, all bids or proposals for construction contracts in excess of \$100,000 shall be accompanied by a bid bond from a surety company selected by the bidder that is authorized to do business in Virginia, as a guarantee that if the contract is awarded to the bidder, he will enter into the contract for the work mentioned in the bid. The amount of the bid bond shall not exceed five percent of the amount bid.

B. No forfeiture under a bid bond shall exceed the lesser of (i) the difference between the bid for which the bond was written and the next low bid, or (ii) the face amount of the bid bond.

C. Nothing in this section shall preclude a public body from requiring bid bonds to accompany bids or proposals for construction contracts anticipated to be less than \$100,000.

§ 2.2-4337. Performance and payment bonds. -- A. Upon the award of any (i) public construction contract exceeding \$100,000 awarded to any prime contractor or (ii) construction contract exceeding \$100,000 awarded to any prime contractor requiring the performance of labor or the furnishing of materials for buildings, structures or other improvements to real property owned by a public body, the contractor shall furnish to the public body the following bonds:

1. Except for transportation-related projects, a performance bond in the sum of the contract amount conditioned upon the faithful performance of the contract in strict conformity with the plans, specifications and conditions of the contract. For transportation-related projects, such bond shall be in a form and amount satisfactory to the public body.

2. A payment bond in the sum of the contract amount. The bond shall be for the protection of claimants who have and fulfill contracts to supply labor or materials to the prime contractor to whom the contract was awarded, or to any subcontractors, in furtherance of the work provided for in the contract, and shall be conditioned upon the prompt payment for all materials furnished or labor supplied or performed in the furtherance of the work.

UNOFFICIAL COPY – VIRGINIA PUBLIC PROCUREMENT ACT

“Labor or materials” shall include public utility services and reasonable rentals of equipment, but only for periods when the equipment rented is actually used at the site.

B. Each of the bonds shall be executed by one or more surety companies selected by the contractor that are authorized to do business in Virginia.

C. If the public body is the Commonwealth, or any agency or institution thereof, the bonds shall be payable to the Commonwealth of Virginia, naming also the agency or institution thereof. Bonds required for the contracts of other public bodies shall be payable to such public body.

D. Each of the bonds shall be filed with the public body that awarded the contract, or a designated office or official thereof.

E. Nothing in this section shall preclude a public body from requiring payment or performance bonds for construction contracts below \$100,000.

F. Nothing in this section shall preclude the contractor from requiring each subcontractor to furnish a payment bond with surety thereon in the sum of the full amount of the contract with such subcontractor conditioned upon the payment to all persons who have and fulfill contracts that are directly with the subcontractor for performing labor and furnishing materials in the prosecution of the work provided for in the subcontract.

§ 2.2-4338. Alternative forms of security. -- A. In lieu of a bid, payment, or performance bond, a bidder may furnish a certified check or cash escrow in the face amount required for the bond.

B. If approved by the Attorney General in the case of state agencies, or the attorney for the political subdivision in the case of political subdivisions, a bidder may furnish a personal bond, property bond, or bank or savings institution's letter of credit on certain designated funds in the face amount required for the bid, payment or performance bond. Approval shall be granted only upon a determination that the alternative form of security proffered affords protection to the public body equivalent to a corporate surety's bond.

C. The provisions of this section shall not apply to the Department of Transportation.

§ 2.2-4339. Bonds on other than construction contracts. -- A public body may require bid, payment, or performance bonds for contracts for goods or services if provided in the Invitation to Bid or Request for Proposal.

§ 2.2-4340. Action on performance bond. -- No action against the surety on a performance bond shall be brought unless within five years after completion of the work on the project to the satisfaction of the Department of Transportation, in cases where the public body is the Department of Transportation, or, in all other cases, within one year after (i) completion of the contract, including the expiration of all warranties and guarantees, or (ii) discovery of the defect or breach of warranty that gave rise to the action.

§ 2.2-4341. Actions on payment bonds; waiver of right to sue. -- A. The obligee named in the bond need not be named a party to the action.

B. Claims for sums withheld as retainages with respect to labor performed or materials furnished, shall not be subject to the time limitations stated in this subsection.

D. Any waiver of the right to sue on the payment bond required by this section shall be void unless it is in writing, signed by the person whose right is waived, and executed after such person has performed labor or furnished material in accordance with the contract documents.

§ 2.2-4343. Exemption from operation of chapter for certain transactions. -- A. The provisions of this chapter shall not apply to:

1. The Virginia Port Authority in the exercise of any of its powers in accordance with Chapter 10 (§ 62.1-128 et seq.) of Title 62.1, provided the Authority implements, by policy or regulation adopted by the Board of Commissioners and approved by the Department of General Services, procedures to ensure fairness and competitiveness in the procurement of goods and services and in the administration of its capital outlay program. This exemption shall be applicable only so long as such policies and procedures meeting the requirements remain in effect.

2. The Virginia Retirement System for selection of services related to the management, purchase or sale of authorized investments, including but not limited to actuarial services. Selection of these services shall be governed by the standard set forth in § 51.1-124.30.

3. 8. The purchase of goods and services by agencies of the legislative branch that may be specifically exempted therefrom by the Chairman of the Committee on Rules of either the House of Delegates or the Senate. Nor shall the contract review provisions of § 2.2-2011 apply to such procurements. The exemption shall be in writing and kept on file with the agency's disbursement records.

9. Any town with a population of less than 3,500, except as stipulated in the provisions of §§ 2.2-4305, 2.2-4308, 2.2-4311, 2.2-4315, 2.2-4330, 2.2-4333 through 2.2-4338, 2.2-4343.1, and 2.2-4367 through 2.2-4377.

This exemption shall be applicable only so long as such policies and procedures, or other policies and procedures meeting the requirements of § 2.2-4300, remain in effect in such county, city or town. Such policies and standards may provide for incentive contracting that offers a contractor whose bid is accepted the opportunity to share in any cost savings realized by the locality when project costs are reduced by such contractor, without affecting project quality, during construction of the project. The fee, if any, charged by the project engineer or architect for determining such cost savings shall be paid as a separate cost and shall not be calculated as part of any cost savings.

A school board that makes purchases through its public school foundation or purchases educational technology through its educational technology foundation, either as may be established pursuant to § 22.1-212.2:2 shall be exempt from the provisions of this chapter, except, relative to such purchases, the school board shall comply with the provisions of §§ 2.2-4311 and 2.2-4367 through 2.2-4377.

13. B. Where a procurement transaction involves the expenditure of federal assistance or contract funds, the receipt of which is conditioned upon compliance with mandatory requirements in federal laws or regulations not in conformance with the provisions of this chapter, a public body may comply with such federal requirements, notwithstanding the provisions of this chapter, only upon the written determination of the Governor, in the case of state agencies, or the governing body, in the case of political subdivisions, that acceptance of the grant or contract funds under the applicable conditions is in the public interest. Such determination shall state the specific provision of this chapter in conflict with the conditions of the grant or contract.

§ 2.2-4343.1. Permitted contracts with certain religious organizations; purpose; limitations. -- A. It is the intent of the General Assembly, in accordance with the *Personal Responsibility and Work Opportunity Reconciliation Act of 1996*, P.L. 104-193, to authorize public bodies to enter into contracts with faith-based organizations for the purposes described in this section on the same basis as any other nongovernmental source without impairing the religious character of such organization, and without diminishing the religious freedom of the beneficiaries of assistance provided under this section.

B. For the purposes of this section, “*faith-based organization*” means a religious organization that is or applies to be a contractor to provide goods or services for programs funded by the block grant provided pursuant to the *Personal Responsibility and Work Opportunity Reconciliation Act of 1996*, P.L. 104-193.

C. Public bodies, in procuring goods or services, or in making disbursements pursuant to this section, shall not (i) discriminate against a faith-based organization on the basis of the organization's religious character or (ii) impose conditions that (a) restrict the religious character of the faith-based organization, except as provided in subsection F, or (b) impair, diminish, or discourage the exercise of religious freedom by the recipients of such goods, services, or disbursements.

D. Public bodies shall ensure that all invitations to bid, requests for proposals, contracts, and purchase orders prominently display a nondiscrimination statement indicating that the public body does not discriminate against faith-based organizations.

E. A faith-based organization contracting with a public body (i) shall not discriminate against any recipient of goods, services, or disbursements made pursuant to a contract authorized by this section on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and (ii) shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to

audit by the public body. Nothing in clause (ii) shall be construed to supercede or otherwise override any other applicable state law.

F. Consistent with the *Personal Responsibility and Work Opportunity Reconciliation Act of 1996*, P.L. 104-193, funds provided for expenditure pursuant to contracts with public bodies shall not be spent for sectarian worship, instruction, or proselytizing; however, this prohibition shall not apply to expenditures pursuant to contracts, if any, for the services of chaplains.

G. Nothing in this section shall be construed as barring or prohibiting a faith-based organization from any opportunity to make a bid or proposal or contract on the grounds that the faith-based organization has exercised the right, as expressed in 42 U.S.C. (§ 2000e-1 et seq.), to employ persons of a particular religion.

H. If an individual, who applies for or receives goods, services, or disbursements provided pursuant to a contract between a public body and a faith-based organization, objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the public body shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

The public body shall provide to each individual who applies for or receives goods, services, or disbursements provided pursuant to a contract between a public body and a faith-based organization a notice in bold face type that states: “Neither the public body's selection of a charitable or faith-based provider of services nor the expenditure of funds under this contract is an endorsement of the provider's charitable or religious character, practices, or expression. No provider of services may discriminate against you on the basis of religion, a religious belief, or your refusal to actively participate in a religious practice. If you object to a particular provider because of its religious character, you may request assignment to a different provider. If you believe that your rights have been violated, please discuss the complaint with your provider or notify the appropriate person as indicated in this form.”

Every state agency that acquires goods or services, or conducts any other type of contractual business with nongovernmental, privately owned enterprises shall promptly pay for the completely delivered goods or services by the required payment date.

Payment shall be deemed to have been made when offset proceedings have been instituted, as authorized under the *Virginia Debt Collection Act* (§ 2.2-4800 et seq.).

B. Separate payment dates may be specified for contracts under which goods or services are provided in a series of partial deliveries or executions to the extent that such contract provides for separate payment for such partial delivery or execution.

§ 2.2-4351. Defect or impropriety in the invoice or goods and/or services received. -- In instances where there is a defect or impropriety in an invoice or in the goods or services received, the state agency shall notify the supplier of the defect or impropriety, if the defect or impropriety would prevent payment by the payment date. The notice shall be sent within fifteen days after receipt of the invoice or the goods or services.

§ 2.2-4352. Prompt payment of bills by localities. -- Every agency of local government that acquires goods or services, or conducts any other type of contractual business with a nongovernmental, privately owned enterprise, shall promptly pay for the completed delivered goods or services by the required payment date. Unless otherwise provided under the terms of the contract for the provision of goods or services, every agency that fails to pay by the payment date shall pay any finance charges assessed by the supplier that shall not exceed one percent per month.

- b. Notify the agency and subcontractor, in writing, of his intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.

2. A payment clause that requires (i) individual contractors to provide their social security numbers and (ii) proprietorships, partnerships, and corporations to provide their federal employer identification numbers.

3. An interest clause that obligates the contractor to pay interest to the subcontractor on all amounts owed by the contractor that remain unpaid after seven days following receipt by the contractor of payment from the state agency or agency of local government for work performed by the subcontractor under that contract, except for amounts withheld as allowed in subdivision 1.

4. An interest rate clause stating, “Unless otherwise provided under the terms of this contract, interest shall accrue at the rate of one percent per month.”

Any such contract awarded shall further require the contractor to include in each of its subcontracts a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor.

A contractor's obligation to pay an interest charge to a subcontractor pursuant to the payment clause in this section shall not be construed to be an obligation of the state agency or agency of local government. A contract modification shall not be made for the purpose of providing reimbursement for the interest charge. A cost reimbursement claim shall not include any amount for reimbursement for the interest charge.

§ 2.2-4355. Interest penalty; exceptions. -- A. Interest shall accrue, at the rate determined pursuant to subsection B, on all amounts owed by a state agency to a vendor that remain unpaid after seven days following the payment date. However, nothing in this section shall affect any contract providing for a different rate of interest, or for the payment of interest in a different manner.

B. The rate of interest charged a state agency pursuant to subsection A shall be the base rate on corporate loans (prime rate) at large United States money center commercial banks as reported daily in the publication entitled *The Wall Street Journal*. Whenever a split prime rate is published, the lower of the two rates shall be used. However, in no event shall the rate of interest charged exceed the rate of interest established pursuant to § 58.1-1812.

C. Notwithstanding subsection A, no interest penalty shall be charged when payment is delayed because of disagreement between a state agency and a vendor regarding the quantity, quality or time of delivery of goods or services or the accuracy of any invoice received for the goods or services. The exception from the interest penalty provided by this subsection shall apply only to that portion of a delayed payment that is actually the subject of the disagreement and shall apply only for the duration of the disagreement.

D. This section shall not apply to § 2.2-4333 pertaining to retainage on construction contracts, during the period of time prior to the date the final payment is due. Nothing contained herein shall prevent a contractor from receiving interest on such funds under an approved escrow agreement.

E. Notwithstanding subsection A, no interest penalty shall be paid to any debtor on any payment, or portion thereof, withheld pursuant to the Comptroller's Debt Setoff Program, as authorized by the *Virginia Debt Collection Act* (§ 2.2-4800 et seq.), commencing with the date the payment is withheld. If, as a result of an error, a payment or portion thereof is withheld, and it is

determined that at the time of setoff no debt was owed to the Commonwealth, then interest shall accrue at the rate determined pursuant to subsection B on amounts withheld that remain unpaid after seven days following the payment date.

§ 2.2-4356. Comptroller to file annual report. -- The Comptroller shall file an annual report with the Governor, the Senate Committee on Finance, the House Committees on Finance and Appropriations on November 1 for the preceding fiscal year including (i) the number and dollar amounts of late payments by departments, institutions and agencies, (ii) the total amount of interest paid and (iii) specific steps being taken to reduce the incidence of late payments.

Article 5.

Remedies

§ 2.2-4357. Ineligibility. -- A. Any bidder, offeror or contractor refused permission to participate, or disqualified from participation, in public contracts shall be notified in writing. Prior to the issuance of a written determination of disqualification or ineligibility, the public body shall (i) notify the bidder in writing of the results of the evaluation, (ii) disclose the factual support for the determination, and (iii) allow the bidder an opportunity to inspect any documents that relate to the determination, if so requested by the bidder within five business days after receipt of the notice.

Within ten business days after receipt of the notice, the bidder may submit rebuttal information challenging the evaluation. The public body shall issue its written determination of disqualification or ineligibility based on all information in the possession of the public body, including any rebuttal information, within five business days of the date the public body received such rebuttal information.

If the evaluation reveals that the bidder, offeror or contractor should be allowed permission to participate in the public contract, the public body shall cancel the proposed disqualification action. If the evaluation reveals that the bidder should be refused permission to participate, or disqualified from participation, in the public contract, the public body shall so notify the bidder, offeror or contractor. The notice shall state the basis for the determination, which shall be final unless the bidder appeals the decision within ten days after receipt of the notice by invoking administrative procedures meeting the standards of § 2.2-4365, if available, or in the alternative by instituting legal action as provided in § 2.2-4364.

B. If, upon appeal, it is determined that the action taken was arbitrary or capricious, or not in accordance with the Constitution of Virginia, applicable state law or regulations, the sole relief shall be restoration of eligibility.

§ 2.2-4358. Appeal of denial of withdrawal of bid. -- A. A decision denying withdrawal of bid under the provisions of § 2.2-4330 shall be final and conclusive unless the bidder appeals the decision within ten days after receipt of the decision by invoking administrative procedures meeting the standards of § 2.2-4365, if available, or in the alternative by instituting legal action as provided in § 2.2-4364.

B. If no bid bond was posted, a bidder refused withdrawal of a bid under the provisions of § 2.2-4330, prior to appealing, shall deliver to the public body a certified check or cash bond in the amount of the difference between the bid sought to be withdrawn and the next low bid. Such security shall be released only upon a final determination that the bidder was entitled to withdraw the bid.

C. If, upon appeal, it is determined that the decision refusing withdrawal of the bid was not (i) an honest exercise of discretion, but rather was arbitrary or capricious or (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid, the sole relief shall be withdrawal of the bid.

§ 2.2-4359. Determination of nonresponsibility. -- A. Following public opening and announcement of bids received on an Invitation to Bid, the public body shall evaluate the bids in accordance with element 4 of the definition of “Competitive sealed bidding” in § 2.2-4301. At the same time, the public body shall determine whether the apparent low bidder is responsible. If the public body so determines, then it may proceed with an award in accordance with element 5 of the definition of “Competitive sealed bidding” in § 2.2-4301. If the public body determines that the apparent low bidder is not responsible, it shall proceed as follows:

1. Prior to the issuance of a written determination of nonresponsibility, the public body shall (i) notify the apparent low bidder in writing of the results of the evaluation, (ii) disclose the factual support for the determination, and (iii) allow the apparent low bidder an opportunity to inspect any documents that relate to the determination, if so requested by the bidder within five business days after receipt of the notice.

2. Within ten business days after receipt of the notice, the bidder may submit rebuttal information challenging the evaluation. The public body shall issue its written determination of responsibility based on all information in the possession of the public body, including any rebuttal information, within five business days of the date the public body received the rebuttal information. At the same time, the public body shall notify, with return receipt requested, the bidder in writing of its determination.

3. Such notice shall state the basis for the determination, which shall be final unless the bidder appeals the decision within ten days after receipt of the notice by invoking administrative procedures meeting the standards of § 2.2-4365, if available, or in the alternative by instituting legal action as provided in § 2.2-4364.

The provisions of this subsection shall not apply to procurements involving the prequalification of bidders and the rights of any potential bidders under such prequalification to appeal a decision that such bidders are not responsible.

B. If, upon appeal pursuant to § 2.2-4364 or § 2.2-4365, it is determined that the decision of the public body was not (i) an honest exercise of discretion, but rather was arbitrary or capricious or (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid, and the award of the contract in question has not

been made, the sole relief shall be a finding that the bidder is a responsible bidder for the contract in question or directed award as provided in subsection A of § 2.2-4364 or both.

If it is determined that the decision of the public body was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid, and an award of the contract has been made, the relief shall be as set forth in subsection B of § 2.2-4360.

C. A bidder contesting a determination that he is not a responsible bidder for a particular contract shall proceed under this section, and may not protest the award or proposed award under the provisions of § 2.2-4360.

D. Nothing contained in this section shall be construed to require a public body, when procuring by competitive negotiation, to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous.

§ 2.2-4360. Protest of award or decision to award. -- A. Any bidder or offeror, who desires to protest the award or decision to award a contract shall submit the protest in writing to the public body, or an official designated by the public body, no later than ten days after the award or the announcement of the decision to award, whichever occurs first. Public notice of the award or the announcement of the decision to award shall be given by the public body in the manner prescribed in the terms or conditions of the Invitation to Bid or Request for Proposal. Any potential bidder or offeror on a contract negotiated on a sole source or emergency basis who desires to protest the award or decision to award such contract shall submit the protest in the same manner no later than ten days after posting or publication of the notice of such contract as provided in § 2.2-4303. However, if the protest of any actual or potential bidder or offeror depends in whole or in part upon information contained in public records pertaining to the procurement transaction that are subject to inspection under § 2.2-4342, then the time within which the protest shall be submitted shall expire ten days after those records are available for inspection by such bidder or offeror under § 2.2-4342, or at such later time as provided in this section. No protest shall lie for a claim that the selected bidder or offeror is not a responsible bidder or offeror. The written protest shall include the basis for the protest and the relief sought. The public body or designated official shall issue a decision in writing within ten days stating the reasons for the action taken. This decision shall be final unless the bidder or offeror appeals within ten days of receipt of the written decision by invoking administrative procedures meeting the standards of § 2.2-4365, if available, or in the alternative by instituting legal action as provided in § 2.2-4364. Nothing in this subsection shall be construed to permit a bidder to challenge the validity of the terms or conditions of the Invitation to Bid or Request for Proposal.

B. If prior to an award it is determined that the decision to award is arbitrary or capricious, then the sole relief shall be a finding to that effect. The public body shall cancel the proposed award or revise it to comply with the law. If, after an award, it is determined that an award of a contract was arbitrary or capricious, then the sole relief shall be as hereinafter provided.

Where the award has been made but performance has not begun, the performance of the contract may be enjoined. Where the award has been made and performance has begun, the public body may declare the contract void upon a finding that this action is in the best interest of the public. Where a contract is declared void, the performing contractor shall be compensated for the cost of performance up to the time of such declaration. In no event shall the performing contractor be entitled to lost profits.

C. Where a public body, an official designated by that public body, or an appeals board determines, after a hearing held following reasonable notice to all bidders, that there is probable cause to believe that a decision to award was based on fraud or corruption or on an act in violation of Article 6 (§ 2.2-4367 et seq.) of this chapter, the public body, designated official or appeals board may enjoin the award of the contract to a particular bidder.

§ 2.2-4361. Effect of appeal upon contract. -- Pending final determination of a protest or appeal, the validity of a contract awarded and accepted in good faith in accordance with this chapter shall not be affected by the fact that a protest or appeal has been filed.

§ 2.2-4362. Stay of award during protest. -- An award need not be delayed for the period allowed a bidder or offeror to protest, but in the event of a timely protest as provided in § 2.2-4360, or the filing of a timely legal action as provided in § 2.2-4364, no further action to award the contract shall be taken unless there is a written determination that proceeding without delay is necessary to protect the public interest or unless the bid or offer would expire.

§ 2.2-4363. Contractual disputes. -- A. Contractual claims, whether for money or other relief, shall be submitted in writing no later than sixty days after final payment. However, written notice of the contractor's intention to file a claim shall be given at the time of the occurrence or beginning of the work upon which the claim is based. Nothing herein shall preclude a contract from requiring submission of an invoice for final payment within a certain time after completion and acceptance of the work or acceptance of the goods. Pendency of claims shall not delay payment of amounts agreed due in the final payment.

B. Each public body shall include in its contracts a procedure for consideration of contractual claims. Such procedure, which may be contained in the contract or may be specifically incorporated into the contract by reference and made available to the contractor, shall establish a time limit for a final decision in writing by the public body. If the public body has established administrative procedures meeting the standards of § 2.2-4365, such procedures shall be contained in the contract or specifically incorporated in the contract by reference and made available to the contractor.

C. A contractor may not invoke administrative procedures meeting the standards of § 2.2-4365, if available, or institute legal action as provided in § 2.2-4364, prior to receipt of the public body's decision on the claim, unless the public body fails to render such decision within the time specified in the contract.

D. The decision of the public body shall be final and conclusive unless the contractor appeals within six months of the date of the final decision on the claim by the public body by

invoking administrative procedures meeting the standards of § 2.2-4365, if available, or in the alternative by instituting legal action as provided in § 2.2-4364.

2.2-4364. Legal actions. -- A. A bidder or offeror, actual or prospective, who is refused permission or disqualified from participation in bidding or competitive negotiation, or who is determined not to be a responsible bidder or offeror for a particular contract, may bring an action in the appropriate circuit court challenging that decision, which shall be reversed only if the petitioner establishes that the decision was not (i) an honest exercise of discretion, but rather was arbitrary or capricious; (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid; or (iii) in the case of denial of prequalification, based upon the criteria for denial of prequalification set forth in subsection B of § 2.2-4317. In the event the apparent low bidder, having been previously determined by the public body to be not responsible in accordance with § 2.2-4301, is found by the court to be a responsible bidder, the court may direct the public body to award the contract to such bidder in accordance with the requirements of this section and the Invitation to Bid.

B. A bidder denied withdrawal of a bid under § 2.2-4358 may bring an action in the appropriate circuit court challenging that decision, which shall be reversed only if the bidder establishes that the decision of the public body was not (i) an honest exercise of discretion, but rather was arbitrary or capricious or (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid.

C. A bidder, offeror or contractor, or a potential bidder or offeror on a contract negotiated on a sole source or emergency basis in the manner provided in § 2.2-4303, whose protest of an award or decision to award under § 2.2-4360 is denied, may bring an action in the appropriate circuit court challenging a proposed award or the award of a contract, which shall be reversed only if the petitioner establishes that the proposed award or the award is not (i) an honest exercise of discretion, but rather is arbitrary or capricious or (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms and conditions of the Invitation to Bid or Request for Proposal.

D. If injunctive relief is granted, the court, upon request of the public body, shall require the posting of reasonable security to protect the public body.

E. A contractor may bring an action involving a contract dispute with a public body in the appropriate circuit court. Notwithstanding any other provision of law, the Comptroller shall not be named as a defendant in any action brought pursuant to this chapter or § 33.1-387, except for disputes involving contracts of the Office of the Comptroller or the Department of Accounts.

F. A bidder, offeror or contractor need not utilize administrative procedures meeting the standards of § 2.2-4365, if available, but if those procedures are invoked by the bidder, offeror or contractor, the procedures shall be exhausted prior to instituting legal action concerning the same procurement transaction unless the public body agrees otherwise.

G. Nothing herein shall be construed to prevent a public body from instituting legal action against a contractor.

§ 2.2-4365. Administrative appeals procedure. -- A. A public body may establish an administrative procedure for hearing (i) protests of a decision to award or an award, (ii) appeals from refusals to allow withdrawal of bids, (iii) appeals from disqualifications and determinations of nonresponsibility, and (iv) appeals from decisions on disputes arising during the performance of a contract, or (v) any of these. Such administrative procedure shall provide for a hearing before a disinterested person or panel, the opportunity to present pertinent information and the issuance of a written decision containing findings of fact. The disinterested person or panel shall not be an employee of the governmental entity against whom the claim has been filed. The findings of fact shall be final and conclusive and shall not be set aside unless the same are (a) fraudulent, arbitrary or capricious; (b) so grossly erroneous as to imply bad faith; or (c) in the case of denial of prequalification, the findings were not based upon the criteria for denial of prequalification set forth in subsection B of § 2.2-4317. No determination on an issue of law shall be final if appropriate legal action is instituted in a timely manner.

B. Any party to the administrative procedure, including the public body, shall be entitled to institute judicial review if such action is brought within thirty days of receipt of the written decision.

§ 2.2-4366. Alternative dispute resolution. -- Public bodies may enter into agreements to submit disputes arising from contracts entered into pursuant to this chapter to arbitration and utilize mediation and other alternative dispute resolution procedures. However, such procedures entered into by the Commonwealth, or any department, institution, division, commission, board or bureau thereof, shall be nonbinding and subject to § 2.2-514, as applicable. Alternative dispute resolution procedures entered into by school boards shall be nonbinding.

Purpose. -- The provisions of this article supplement, but shall not supersede, other provisions of law including, but not limited to, the *State and Local Government Conflict of Interests Act* (§ 2.2-3100 et seq.), the *Virginia Governmental Frauds Act* (§ 18.2-498.1 et seq.), and Articles 2 (§ 18.2-438 et seq.) and 3 (§ 18.2-446 et seq.) of Chapter 10 of Title 18.2.

The provisions of this article shall apply notwithstanding the fact that the conduct described may not constitute a violation of the *State and Local Government Conflict of Interests Act*.

§ 2.2-4368. Definitions. -- As used in this article:

“*Immediate family*” means a spouse, children, parents, brothers and sisters, and any other person living in the same household as the employee.

“*Official responsibility*” means administrative or operating authority, whether intermediate or final, to initiate, approve, disapprove or otherwise affect a procurement transaction, or any claim resulting therefrom.

“Pecuniary interest arising from the procurement” means a personal interest in a contract as defined in the *State and Local Government Conflict of Interests Act* (§ 2.2-3100 et seq.).

“Procurement transaction” means all functions that pertain to the obtaining of any goods, services or construction, including description of requirements, selection and solicitation of sources, preparation and award of contract, and all phases of contract administration.

“Public employee” means any person employed by a public body, including elected officials or appointed members of governing bodies.

§ 2.2-4369. Proscribed participation by public employees in procurement transactions. -- Except as may be specifically allowed by subdivisions A 2, 3 and 4 of § 2.2-3112, no public employee having official responsibility for a procurement transaction shall participate in that transaction on behalf of the public body when the employee knows that:

1. The employee is contemporaneously employed by a bidder, offeror or contractor involved in the procurement transaction;
2. The employee, the employee's partner, or any member of the employee's immediate family holds a position with a bidder, offeror or contractor such as an officer, director, trustee, partner or the like, or is employed in a capacity involving personal and substantial participation in the procurement transaction, or owns or controls an interest of more than five percent;
3. The employee, the employee's partner, or any member of the employee's immediate family has a pecuniary interest arising from the procurement transaction; or
4. The employee, the employee's partner, or any member of the employee's immediate family is negotiating, or has an arrangement concerning, prospective employment with a bidder, offeror or contractor.

§ 2.2-4370. Disclosure of subsequent employment. -- No public employee or former public employee having official responsibility for procurement transactions shall accept employment with any bidder, offeror or contractor with whom the employee or former employee dealt in an official capacity concerning procurement transactions for a period of one year from the cessation of employment by the public body unless the employee or former employee provides written notification to the public body, or a public official if designated by the public body, or both, prior to commencement of employment by that bidder, offeror or contractor.

§ 2.2-4371. Prohibition on solicitation or acceptance of gifts; gifts by bidders, offerors, contractor or subcontractors prohibited. -- A. No public employee having official responsibility for a procurement transaction shall solicit, demand, accept, or agree to accept from a bidder, offeror, contractor or subcontractor any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal or minimal value, present or promised, unless consideration of substantially equal or greater value is exchanged. The public body may recover the value of anything conveyed in violation of this subsection.

B. No contractor or subcontractor shall demand or receive from any of his suppliers or his subcontractors, as an inducement for the award of a subcontract or order, any payment, loan, subscription, advance, deposit of money, services or anything, present or promised, unless consideration of substantially equal or greater value is exchanged.

B. No subcontractor or supplier shall make, or offer to make, kickbacks as described in this section.

C. No person shall demand or receive any payment, loan, subscription, advance, deposit of money, services or anything of value in return for an agreement not to compete on a public contract.

D. If a subcontractor or supplier makes a kickback or other prohibited payment as described in this section, the amount thereof shall be conclusively presumed to have been included in the price of the subcontract or order and ultimately borne by the public body and shall be recoverable from both the maker and recipient. Recovery from one offending party shall not preclude recovery from other offending parties.

§ 2.2-4373. Participation in bid preparation; limitation on submitting bid for same procurement. -- No person who, for compensation, prepares an invitation to bid or request for proposal for or on behalf of a public body shall (i) submit a bid or proposal for that procurement or any portion thereof or (ii) disclose to any bidder or offeror information concerning the procurement that is not available to the public. However, a public body may permit such person to submit a bid or proposal for that procurement or any portion thereof if the public body determines that the exclusion of the person would limit the number of potential qualified bidders or offerors in a manner contrary to the best interests of the public body.

§ 2.2-4374. Purchase of building materials, etc., from architect or engineer prohibited. -- A. No building materials, supplies or equipment for any building or structure constructed by or for a public body shall be sold by or purchased from any person employed as an independent contractor by the public body to furnish architectural or engineering services, but not construction, for such building or structure or from any partnership, association or corporation in which such architect or engineer has a personal interest as defined in § 2.2-3101.

B. No building materials, supplies or equipment for any building or structure constructed by or for a public body shall be sold by or purchased from any person who has provided or is currently providing design services specifying a sole source for such materials, supplies or equipment to be used in the building or structure to the independent contractor employed by the public body to furnish architectural or engineering services in which such person has a personal interest as defined in § 2.2-3101.

C. The provisions of subsections A and B shall not apply in cases of emergency or for transportation-related projects conducted by the Department of Transportation or the Virginia Port Authority.

§ 2.2-4375. Certification of compliance required; penalty for false statements. -- A. Public bodies may require public employees having official responsibility for procurement transactions in which they participated to annually submit for such transactions a written certification that they complied with the provisions of this article.

B. Any public employee required to submit a certification as provided in subsection A who knowingly makes a false statement in the certification shall be punished as provided in § 2.2-4377.

§ 2.2-4376. Misrepresentations prohibited. -- No public employee having official responsibility for a procurement transaction shall knowingly falsify, conceal, or misrepresent a material fact; knowingly make any false, fictitious or fraudulent statements or representations; or make or use any false writing or document knowing it to contain any false, fictitious or fraudulent statement or entry.

§ 2.2-4377. Penalty for violation. -- Any person convicted of a willful violation of any provision of this article shall be guilty of a Class 1 misdemeanor. Upon conviction, any public employee, in addition to any other fine or penalty provided by law, shall forfeit his employment.
